FLORETTE

Florette
Gold Translucent Plexiglass

Florette
Textured Gray painted

Florette Gold Ano

The **Florette** fixture is inspired by a tulip and consists of slats that can be placed in no less than 6 different positions. Thanks to the perfect alignment of the slats, a beautiful and atmospheric light pattern is created. In a very simple way, this fixture completely changes its appearance.

All specs about Florette

www.tal.be

Florette positions

Florette has an innovative clamp system. This makes it possible to use all kinds of sheet materials (up to 9 mm), such as felt, veneer, aluminium, plexi, etc. Allowing you to perfectly adjust the lamp to the style/finish of the atmosphere.

Florette materials

Felt (Black & Gray)
Gold Translucent Plexiglass (Other Colors On Request)
Aluminium Gold Ano
Powder coated Alu (Textured Black or White)
White Primered Mdf (To Be Painted On Site)

CASAMBI on request

Both lighting fixtures are designed by **Frederik Degreve** (BE). His creations show a deep understanding of the interplay between aesthetics and functionality. The fixtures have the ability to adapt to their environment through the modification of materials and shapes. His work embodies the essence of innovative design, pushing boundaries and creating beautiful yet practical solutions for modern living.

Kombo Black & Gold
+ Textured Brown Glass

Kombo Textured Black
+ Brown Glass

Kombo is a lighting fixture for indoor use. With or without a hand-blown glass in different colors and textures. Keeping in line with our belief that longevity is at the core of sustainable design, we use aluminium, a strong and highly durable material, for several designs in our lighting collection.
